

# Make a request for support or report a child safety concern

If you are worried about the safety or wellbeing of a child or young person in Devon, please use the [online referral form](#). This form will go through to our safeguarding mailbox and be triaged by a Team Manager within our Front Door.

However, if you deem the child to be at risk of significant harm you have an option to contact our Front Door directly on [0345 155 1071](tel:03451551071). Our lines are open Monday-Thursday 9am-5pm and Friday 9am-4pm. You will still be required to complete an online form within our timescales.

If you need help outside of these hours or at weekends or bank holidays, please call our Emergency Duty Service on [0345 6000 388](tel:03456000388).

**If a child is at immediate risk contact the police on 999.**

To request support, you can:
